Cool Place For Your Cold Chain Solutions

5th international exhibition and conference on cold chain and logistics industry – Asia Cold Chain Show is going to take place from 02-04 December 2019 at BITEC, Bangkok, Thailand. The focused trade show will capture the growth shown by the cold chain business in Thailand and would create ample opportunities for professionals from cold chain and logistics sector to come together with end-user industries.

Thailand Cold Chain Market Insight:

Rise in the demand for processed meat and seafood is expected to increase in the country which will support the requirement of the cold storage and related transport services.

Express logistics market is expected to drive the cold chain logistics market owing to the shipments consisting of perishable items.

Thailand’s government vision in making Thailand “Kitchen of the World” has led to significant investment in the development of complete supply chain for food logistics.
